DETAILED ACTION

1. Information Disclosure Statement filed on 8/13/03 has been received. Information Disclosure Statement filed on 3/1/04 has been received.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-20 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Siler (U. S. Patent no. 6,367,593).

See figure 2

Note: the term "integrally" is used. This term does not require the end wall to be the same piece as the sidewall. It merely requires the two pieces to be joined to form a whole.
